Description

wallypower165concept There’s nothing else on the market that comes close to the wallypower165. Its genesis is a story in its own right, uniting for the first time ever the stellar team of Wally founder Luca Bassani and the world’s most in-demand superyacht designer, Espen Øino. Naturally the result is a mould-breaking yacht – a mid-range Mediterranean cruiser that has created an entirely new category.Fast, effortlessly cool and unapologetically contemporary, the wallypower165 features Wally’s typical clean, uncluttered lines, open decks and angular styling. As ever, form follows function, so the wave piercing bow and naval architecture are all conceived for stable, comfortable cruising with no rolling or slamming.We have enhanced the boat’s large 500GT
